PARADE PARTICIPANTS NEEDED

It is our 13th annual Independence Day Parade this year and we are looking for parade participants. If you have a group that is interested in participating in the parade, or a volunteer interested in helping with the parade or festivities please email Angel at alamb@sjgov.org.

VENDORS NEEDED

If you would like to participate as a vendor for one of our upcoming events please email Angel at alamb@sjgov.org. Vendor space is limited so you must get your forms and fees in soon.

VOLUNTEERS NEEDED

Throughout the year we have different activities and events where volunteers are needed. This is a great opportunity for students to earn community service hours and that wonderful feeling of being a part of something. We are currently looking for volunteers to assist with the 4th of July Parade. If you know someone or would like to help with the Parade please contact Angel Lamb at alamb@sjgov.org or 209.831.5651

PARK RESERVATIONS

Make and pay for your park and activity reservations online. You are able to reserve spaces in any of Mountain House's parks or classes that are offered, online with a credit card. Just visit MountainHouseCSD.org and click on the blue "Activities/Classes" button select the park and the area or the class you want to reserve. Your receipt and permit will be emailed to you once we have received your insurance policy.

USEFUL TIPS

Q: Why should I pick up pet waste (even if it's on my own property)?

A: The pathogens in pet waste are harmful to the health of humans, animals, and the environment. **PUBLIC PROPERTY:** Local animal control ordinances declare it is unlawful to leave pet waste on public property and require its immediate removal. **PRIVATE PROPERTY:** Local water quality and health ordinances also apply to private property and could result in enforcement, including fines, if it can be determined that pet waste, or its pathogens, on your property are being washed into storm drains or waterways, or if the accumulation of waste is a nuisance or menace to health.

Q: How should I dispose of pet waste?

A: Scoop the pet waste, bag it, and put it in the trash (garbage).

Q: Can I put pet waste in the trash (garbage)?

A: Yes, this is the preferred disposal method. By putting pet waste in the trash, it prevents the waste from becoming a source of pollution in our streams and bays. Landfills are designed to safely handle substances such as dog waste, cat litter, and dirty diapers. Many people already place their dog waste in the trash because it's convenient. Some hide it in the trashcan because they think it's prohibited. Don't worry! It's allowed. If you are already placing it in the trash, keep up the good work!

Q: Can I bury or compost pet waste?

A: Composting and burial do not kill hazardous pathogens that may be in the waste and can pollute water. Landfills are designed to safely handle substances such as dog waste, cat litter, and dirty diapers. Yards are not. Most home compost piles don't reach temperatures sufficient to kill many hazardous pathogens. Extended exposure at 140-degree temperatures is required to kill E. coli and Salmonella.

Giardia can survive temperature extremes, chlorination, and drying. Cryptosporidium, Leptospira, Salmonella, and E. coli can survive for months in feces or soil. Roundworms can survive for four years in soil. Even commercial yard waste processors do not currently compost waste at temperatures sufficient to kill many pathogens in pet waste, so don't put dog waste in the yard waste bins for curbside pickup.

Q: Can I flush pet waste down the toilet?

A: Maybe. If you are on a municipal sewer system and you can stand the yuck-factor, flushing is a highly desirable method of disposal. Most people, especially those with large or multiple dogs, are not comfortable with the notion of bringing outdoor pet waste indoors to flush it. If you can handle it, go wild! If you have a septic system, then do not flush pet waste down the toilet. Flushing pet waste can potentially exceed the design capacity of the septic system. High volumes of hair and ash, not normally found in human waste, can interfere with septic system functions and clog drain fields. Don't flush cat waste if it has litter stuck to it. Another alternative is to install a pet waste flushing system at your outdoor sanitary sewer cleanout if you are connected to a public sewer system (NOT a septic system).

NEW MOUNTAIN HOUSE RTD SERVICE

San Joaquin RTD, in association with Mountain House Community Services District and Altamont Commuter Express (ACE), have been working with the Mountain House residents to provide a new direct transit service between Mountain House and ACE Vasco Train Station. Beginning in May, a new DIRECT service has started from Tradition Street to Vasco ACE Station. Currently there is one bus service in the morning at **6:40 AM**, leaving the Tradition Street stop and arriving at ACE station at 7:40 AM. In the evening, there are two services departing ACE station at **4:45 PM and 6:45 PM**. The fare is \$1.50 per trip or \$50 per month for a 31-day pass. Depending on the ridership growth, we hope to expand the service to all 4-trains in the morning and in the evening. We are also working on a new bus shelter, parking areas, and bicycle racks for our commuters. So, come and ride the new bus service at Tradition Street and Parco Street and enjoy a pleasurable ride on the ACE train to Livermore, Pleasanton, Fremont, Great America, Santa Clara or San Jose.
